ADMIN

- 36" H x 24" W x 11 D"
- Power Coated Steel
- Hasp Lockable
- Tri-back Mesh Plate
- Volume: 11,232.00 cubic in.
- 3 Front Vents and 2 Side Vents
- Dual Fans
- 24-volt or 48-volt applications (up to 400 watts maximum DC output).
- Load balancing and failover power supply with adjustable DC output voltages
- UPS Battery Control Module/ Parallel Connection to DC BUS
- On-site AC Voltage, Wattage and Current Meter
- Optional 4 RU Vertical Rack Mount Shelf
- Optional DC-to-AC Inverter
- 100 AMP Battery Circuit Breaker
